

INSPECTION

Inspection of NDMNRF- Approved Prescribed Burn Plan for Slash Pile Burning for Nagagami, White River and Pic Forests

The Ontario **Ministry of Northern Development, Mines, Natural Resources and Forestry (NDMNRF)** invites you to inspect the NDMNRF-approved prescribed burn plan for slash pile burning that will be carried out in the **Nagagami, White River and Pic Forests** (see map).

As part of our ongoing efforts to regenerate and protect Ontario's forests, some recently harvested areas have been selected to be burned under the guidelines of the NDMNRF's *Prescribed Burn Manual*. The prescribed burn will reduce the area covered in slash piles while increasing the area available for regeneration and reducing the fire hazard. The burn is scheduled for ignition between **October 1, 2021** and **December 31, 2021**.

The approved prescribed burn plan for slash pile burning, including specific locations and maps, is available electronically for public inspection on the Natural Resources Information Portal at <https://nrip.mnr.gov.on.ca/s/fmp-online> until **March 31, 2022**, when the Annual Work Schedules expire.

Interested and affected persons and organizations can arrange a remote meeting with NDMNRF staff to discuss the prescribed burn plan. For more information, please contact:
